As we prepare for the discontinuation of some of QuickBooks Desktop products, we want to ensure you continue to have the accounting best tools for your business. You now have a choice between two powerful solutions: **QuickBooks Desktop Enterprise** and **QuickBooks Online**. Each offers unique benefits tailored to different business needs. Here is a quick guide to help you decide which option is right for you:

QuickBooks Desktop Enterprise: Power and Performance

1. **Advanced Features:**
 - o Robust inventory management
 - o Comprehensive reporting tools
 - o Customizable user permissions
2. **Scalability:**
 - o Ideal for larger businesses with complex needs
 - o Handles up to 1 million customers, vendors, and inventory items
3. **Enhanced Security:**
 - o Advanced data protection and backup options
 - o Local control over your data
4. **Reliable Performance:**
 - o Desktop-based for consistent speed and reliability
 - o Industry-specific solutions for manufacturing, wholesale, and more

QuickBooks Online: Flexibility and Accessibility

1. **Anytime, Anywhere Access:**
 - o Manage your business finances from any device with internet access
 - o Real-time data synchronization across devices
2. **Automatic Updates and Cloud Storage:**
 - o Always have the latest features with automatic updates
 - o Secure, cloud-based storage with automatic backups
3. **Collaboration Made Easy:**
 - o Multi-user access allows your team to work together in real-time
 - o Easy sharing with your accountant or bookkeeper
4. **App Integrations:**
 - o Connect with hundreds of third-party apps to enhance functionality
 - o Tailor QuickBooks Online to fit your unique business needs

Making the Decision:

Choose QuickBooks Desktop Enterprise if you:

- o Require advanced, industry-specific features
- o Need robust inventory and reporting capabilities
- o Multiple entities under one economical group
- o Prefer a desktop-based solution with local control over data
